---

Sorry, in my haste in preparing for field work next week my email didn't capture everything it should have.

I am very sorry to hear that your friend is ill. That is always tough. I understand that parents are concerned and welcome the opportunity to talk with them if that is something they would find helpful. Because this issue is very sensitive I will need to consult with our state and local partners as well as my management. Our goal is to ensure that children and teachers are protected from potentially harmful exposures at school and I look forward to working with you and any others from Carver to do that.

Best,  
-Eric

Hello Ms. Cargo,

Let me check in with Maria Gillete and get back to you next week. All of the information I provided you is publicly available.

-Eric
